

**Department of Toxic Substances Control
Project Status Update
For
Wyle Laboratories Norco Facility Site
September 6, 2004**

SITE INVESTIGATION/CLEANUP DOCUMENTS

- DTSC has conditionally approved (with comments) the technical memorandum workplan for the in-door air sampling near Wyle's northwestern border (along Golden West Lane) and soil gas sampling near Wyle's western border (high school and along Hillside Avenue).
- DTSC reviewed the draft access agreements for the in-door air sampling, and soil gas sampling near Wyle's western border (Norco High School and along Hillside Avenue).
- DTSC is preparing an access agreement to sample a private ground water well at the corner of Hillside Avenue and 3rd Street.

INVESTIGATION/CLEANUP FIELD WORK

- DTSC project team continued Wyle inspection on September 2nd to evaluate sampling locations proposed in the draft remedial investigation workplan. DTSC staff will modify sampling locations and/or request additional location/analysis as necessary.

PUBLIC PARTICIPATION:

- No change from last weeks update.
